Magnetically suspended vehicles - the dream and the reality
Professor Roger Goodall
<http://www.theiet.org/events/2012/tustin-maglev.cfm>

*Please let us know if you are attending these but are not a presenter or committee member so we know numbers for space/catering (conferences@instmc.org.uk)

PhD Presentation Showcase

Detailed information can be found in 'Guidelines and Paper Template'.

- A 4 minute presentation is required (powerpoint template provided)
- Optionally, a 2 page paper can be also be written (template provided). Papers will be made available on the UKACC website.
- Any current or recently completed control-related PhD student can take part; presenting work-in-progress, or planned work is fine, not just final results.
- A UKACC panel will judge and award the BEST PRESENTATION PRIZE.
- Please supply your presentation and paper by email to A.R.Plummer@bath.ac.uk by **10th October 2012.** See Guidelines document for format requirements.
